How to add YouTube Videos to Moodle

1. Find the video you want to download from YouTube and copy the link from the address bar at the top

2. Go to http://www.clipconverter.cc/ and paste the link into the box and click Continue
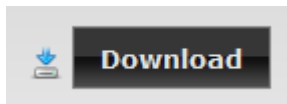

3. Select **MP4** from the list and click **Start**

4. After it finishes converting, click Download and save it

5. Login to your course in Moodle, **Turn Editing On**, and click **Add an Activity or Resource**

6. Choose **File** and click **Add**

7. Name the video and then under **Select Files**, click the **Blue Arrow** to browse for a file to upload

8. After selecting the video to upload, click Upload this File

9. Scroll down and click Save and Display

10. Moodle should detect that it is a video file and automatically embed the video into your Moodle Course.
